### Cornerstone To Be Laid At Olds School of Agriculture on July 22

The cornerstone for the new Dormitory and Gymnasium at the School of Agriculture at Olds will be laid at 2:00 p.m. on July 22nd, with officials of the Department of Agriculture conducting the ceremony.

When complete this building will be a handsome brick and stucco structure of two and one-half storeys. It will be fireproof throughout, the framework being of tile. The main section of the building will provide space for a large combined Gymnasium and Assembly Hall, Library, two classrooms, four offices, a large dining room and kitchen, while two north and south wings will provide dormitory accommodations for the students. The north wing—the girls' dormitory—will accommodate eighty students, and the south wing will take care of one hundred and ten young men students. There will be a sitting room on each of the three floors of each dormitory. Graceful steel arches will support the ceilings of the dining-room and Assembly Hall.

The laying of the cornerstone is a part of the program of the Alumni Reunion which is to be held on July 21-22. This Reunion affords an opportunity for ex-students to renew old acquaintanceships and to view the beautiful decorated grounds and the experimental plots at the School. An especially good attendance is expected this year.

### District Builders Will Meet

The regular monthly meeting of Oyen District Builders Association will be held in the Alberta Hotel dining room, Oyen, on Saturday next (July 16). Supper will be served from 6 p.m. till 7:30 p.m. followed by an address by Mr. J. M. George, of Deloraine, Man.

Mr. George is one of the founders and active workers of the Deloraine Association, after which the local organization here is patterned, and it is hoped that everyone in the district will avail themselves of this opportunity to hear him next Saturday.

### Prince of Wales and Premier of Great Britain Sail for Canada July 23

H. R. H. The Prince of Wales and Rt. Hon. Stanley Baldwin, prime minister of Britain, are expected to sail from England on July 23 for Canada. They will arrive in Ottawa on August 2 to spend a three-day visit with Viscount Willington, Governor General. While in the Canadian Capital the Prince will dedicate the Memorial Chamber in the new Peace Tower of the Canadian Houses of Parliament. This chamber is the most distinctive and beautiful part of the new House of Parliament. It will be a fitting shrine in honor of the Canadian soldiers who died during the great war. The different kinds of stone for the interior walls of the Memorial Chamber have been brought from the battlefields in the different countries where Canadians fought during the memorable years 1914-18. Upon an altar of black marble, sent from England by the British Government, will rest a Douglas fir tree, in which the name of every member of the Canadian Expeditionary Force will be inscribed. From Ottawa the Prince will go to his 4,000 acre ranch at High River, Alberta, and will be accompanied by Rt. Hon. Mr. Baldwin, who will spend a few days as his guest. Before his return to England, about the third week in August, the British prime minister will visit some of the famous beauty spots in the Canadian Rocky Mountains, including Jasper Park, it is expected. The Prince intends to spend a few weeks, if possible, on his farm and ranch.

### Pool Buys More Elevators

Twenty country elevators have been purchased by the Alberta Wheat Pool from the United Grain Company Ltd., according to an announcement from the offices of the pool during the past week. These elevators are located at Carr, Carbon, Halkirk, Hengden, Irriana, McGrath, Big Valley, Bashaw, Byersmoor, Elmore, Excel, Meeting Creek, Mecheche, Rumaney, Rowley, Sibbald, Chinook, Youngstown, Cereal and Elstang.

The Alberta Wheat Pool now owns a total of 135 elevators in the province and it is expected that this number will be increased to 150 before the 1927 crop begins to move to market.

A new direct steamship service between Saint John and Havana, Cuba, will likely be inaugurated from the first of September, while the potato shipments start, if the New Brunswick Government and the shippers of the province back the project, said F. L. Estabrooke, of St. John's, just returned from a trip of enquiries in Cuba.

A bed which rocks its occupant to sleep has been invented by Sir Alfred Yarrow, British scientist. Sir Alfred, while travelling across Canada on the Imperial Limited some months ago, noticed that the slight sway of the train relieved his insomnia. This fact resulted in his constructing the unusual bed which enables him to sleep soundly.

A new departure in the province was the recent formation of an association known as the Nova Scotia Chinchilla Rabbit Breeders' Association, at a meeting at Kentville, with F. W. Foster of Imperial Limited, president; Mrs. J. B. Barrett, of Annapolis, vice-president; and G. E. Roberts, of Grand Pre, secretary. Bells will be marketed through the English Fur Board.

**CLAIMS WORLD'S RECORD**  
Mrs. Kate Martin of Cranbrook, B.C., whose feat of winning the fifty yard dash at the sports meet at her home town in five and four-fifths seconds, bettered the world's record by two-fifths of a second. The Cranbrook Amateur Athletic Association is endeavoring to have this time recognized so that she may have an opportunity of entering the trials for the Canadian Olympic team to compete at the world's games in Europe next year. The trophies shown in this picture are just a few of those won by Miss Martin in athletic contests.

Search for the missing French aviator, Nungesser and Goll has been resumed by two *Pulse* News and two *New York Daily News* men who arrived at the C.P.R. station in Montreal recently enroute to Chateaufort. Three of the party will form a land expedition, while the fourth will fly into the Quebec woods from Grand'Mere. They will stay in until the mystery of the fliers is cleared up.

R. Macdougall, former Saskatchewan aviator and now a leading stant here in Los Angeles, has written asking if the citizens of Saskatoon will provide a plane to be entered in the flight from the Pacific coast to Hawaii, which he will fly. He offers Saskatchewan taxpayers half the prize money and half any receipts, should he be successful. The President of the Star has announced that the Star is prepared to make a substantial contribution towards the \$10,000 required. The plane would be named the "City of Saskatoon."

Mr. Thomas R. Dial of Egin, Man., is the guest of his brother, Mr. B. H. Dial.

In reporting the prize winning floats of the Jubilee celebration parade, held on July 2, an error was made in describing the float awarded 7th place. This prize winning float "The Oyen Bulbs" was arranged and escorted by Mrs. W. V. Miller and Mrs. J. W. Robinson, and was filled with little girls of town.

Saturday's hail storm, which was accompanied by winds of almost tornado force, took a heavy toll on crops and buildings in its path. Starting in the neighborhood of Richdale, it travelled east into Saskatch-

ewan, covering a strip approximately ten miles wide. Sedalia, New Bridgen and Esther all report severe damage. Crops in the vicinity of Excel and to the north were damaged in varying degrees. Gullekson's report practically a total loss. Ten miles north Elmer MacArthur reports a total loss. Others report from 25 to 80 per cent loss. At the farm of Mr. Charles Harris a large barn was moved about 50 yards and badly wrecked. Similar damage was done at the farm of Mr. Rufus Cates, where the wind wrecked a large implement shed, besides doing considerable damage to the smaller buildings about the farm. Damage to crops in the vicinity of the river is also reported.

## All-Red Cable Route via Pacific Doubled

Upper—The operating room cable station, Hamilton, B.C., showing the cable line. Lower right—Cable station, Port Alberni, B.C.

With the laying of a 70-mile stretch of cable between Hamilton, B.C., by the cable ship "Restover" under charter by the Canadian Pacific Telegraph, the all-red line Pacific cable service was doubled. The new line is another Canadian Pacific link between Canada, Australia and New Zealand.

The Pacific Cable Board, representative of British, Canadian, Australian and New Zealand governments, laid the cable from Australia to Hamilton, on Vancouver Island, and the line that connects the distant units of the Empire stretches across Canada to Halifax and from there to the heart of the Empire.

The second all-copper line that has been built by the Canadian Pacific and leased to the Pacific Cable Board.

The last stretch of cable was shipped from England via the Panama Canal some time ago, when it was deemed necessary to come with the increasing cable business. The cable was in two sections, weighed over 250 tons and was officially inspected and O.R. 3 by J. McMillan, general manager of Canadian Pacific Telegraph, who journeyed to England for that purpose.

The accompanying illustrations were taken during the recent operations. One of the photographs shows the ship "Restover" lying near the wrecked shore, and the other shows the cable being laid into the foreground of the picture can be seen a line of barrels which floats the cable until the time comes to lower that section to the bottom. A small little settlement laid spring up at Island around the cable station, part of which, with the station, is seen in a view taken from the "Restover."
